Chair  
Forth Green Freeport

28 August 2025

Dear Dame Susan,

Thank you for your email of 11 July regarding Forth Green Freeport (FGF).

It is encouraging to hear how FGF is aligning so closely with the ambitions of the UK's Industrial Strategy, particularly in fostering green industrial investment and supporting communities through skills development and access to quality, sustainable employment.

Your commitment to fair work, transparency, and community engagement is commendable. The inclusion of a senior trade union representative on your Board, alongside your Fair Work and Net Zero Charters, clearly demonstrates a strong focus on delivering for, and remaining accountable to, local working people.

I am pleased to see the proactive steps FGF is taking to embed community voices into governance and look forward to seeing your plans progress as you move into delivery. The collaborative approach between the UK and Scottish Governments remains vital to the success of the Programme, and I thank you for your recognition of this joint effort.

Thank you for writing in on this important matter and wishing you continued success as you move forward with your ambitious plans.

Yours sincerely,

**ALEX NORRIS MP**
